

KALEIDOSCOPIC Student Fashion Show

Friday, May 13, 2016, 7:30 p.m.

Join us for this annual event that showcases the original work of our talented fashion design students. Awards will be presented based on the results of an earlier jury show, judged by local industry professionals.

In addition to the work of COD students, the show features a competition for area high school students. This high-quality event is produced by the Fashion Merchandising and Design students in the College of DuPage Fashion Studies program.
